

COVID-19 Policy

The COVID-19 pandemic has caused unprecedented situations. This document will explain what will happen to your ticket and the conference in certain situations. We will not be able to predict every situation. If anything changes related to the conference in the coming weeks, we will inform all participants through the email provided whilst buying a ticket.

What happens to my ticket if...

The conference is cancelled: In case that the conference will not be able to take place in any way or form, you will be refunded the full ticket price and the price of your additional purchases. This also means that you will not receive your exec(ut) t-shirt.

The conference is switched to an online/hybrid version: There is always an option for the exec(ut) to switch to an online or hybrid version in case a full scale conference is not allowed to take place. In this case your ticket will automatically be switched to an online variant. You will not be able to refund your ticket if you do not want to attend an online conference.

I have to quarantine because of the COVID-19 virus: If you are required to quarantine because you caught the COVID-19 virus or if you've been in contact with anyone with the virus, you are not eligible for a refund. We urge you to stay safe in the days leading up to the conference since you will be attending an event with a lot of other people.
